# MIMO 200

A fully flexible cash and coin recycler made for absolute automation, **MIMO 200** operates using MIMO Core, our proprietary cash management software. Designed using SQL as its backbone, and certified PCI compliant, **MIMO 200** thrives on integration, seamlessly fusing HR or POS systems and any additional MIMO Cash Handling Solutions.

MIMO 200 prepares banks, makes change, verifies drops, secures your inventory, and elevates your Back Office with detailed, digitized reports. Without the pressure to sort, count, and validate cash, MIMO 200 gives your team the freedom to focus on improving your business and the customer experience.
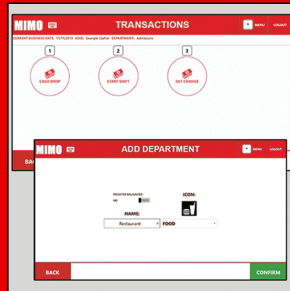

Real-time inventory status
Secure high-capacity cash and coin storage improves efficiency and the cashier experience.
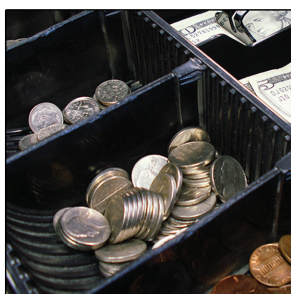

Simple software built for speed
User-friendly design and 24/7 customer support keeps MIMO easy for everyone on your team.

Custom features and accessories
Select additional features like specialized receipts, wheels, and a compact all-purpose shelf.

Fast and accurate cash and coin authentication!

MIMO customers see an ROI in as little as 12 months!

MIMO offers one of the best financing plans on the market. With one payment per month for equipment, maintenance, and upgrades... you could start seeing savings as soon as Day One!

03 Cashier performs transactions throughout the day.

04 Cashier returns to MIMO to deposit sales at the end of shift.

02 Cashier takes cash, coin, and receipt to station.

05 Manager reconciles inventory and prepares bank deposit.

01 Cashier logs in to MIMO and receives till.

06 Audit team tracks activity via detailed reports.
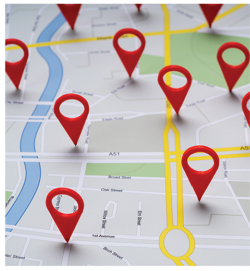

Cloud-Based Back Office reporting

From your desk or home office you can access data, customize alerts, and track inventory for multiple MIMOs across various sites.
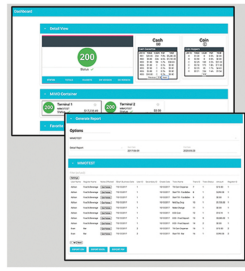

Manage up to a year's worth of data

Detailed reports and activity logs make reconciliation and auditing a breeze! MIMO can even print a bank deposit slip.

Export to your preferred format

Securely monitor your cash levels and download employee transactions from any computer, tablet, or smart phone.
